Project 1

Application Start

The image shows a graphical user interface for an application titled "E-Store". The window has a standard macOS-style title bar with red, yellow, and green window control buttons. The main content area contains five input prompts, each followed by a text input field:

- Enter number of items in this order :
- Enter Book ID for item #1:
- Enter quantity for Item#1:
- Item #1:
- Order Subtotal for 0 item(s):

Below the input fields is a horizontal row of six buttons. The first button is labeled "Process Item #1". The next three buttons are grayed out. The fifth button is labeled "New Order" and has a blue border. The sixth button is labeled "Exit".

After processing first item in the order

E-Store

Enter number of items in this order :
